Hazardous Material Tracking System

USAG Kaiserslautern

Material Tracking from Cradle to Grave

Full implementation in March 06

50% Hazardous Material Reduction Already Achie

Budget Layout Oversight

- **FY05 VENC funding 26th ASG:**

  $8,944,084 = 100% program execution

- **FY06 VENC requirements: $9,750,753**

  (Class 0 = $6,689,900; Class 1 = $3,060,853)

- **Current funding position: $1,349,255, obligated 98.25%**
- **Funds committed: $2,337,467**
- **Shortfalls: restricted funding for Class 0, no funding for Class 1 requirements to date resulting in a delay in project execution**

VENC: High-visibility environmental compliance

Class 0: Recurring projects and activities to cover essential management requirements

Class 1:Projects and activities to comply with applicable laws

Budget Layout

USAG Heidelberg

FY06 projects awarded Oct 05 - Feb 06:

- **EMS Implementation**
- **Air Emission Testing Germersheim Army Depot**

- **Hazardous Waste Recovery Equipment**
- **Unknown Hazardous Substances Sampling**

- **GIS Contractor**
- **Lead-based Paint Re-survey**
- **IFSM Asbestos Data Management**

- **CAT II Asbestos Survey MTV/PHV**

FY06 VENC scheduled projects potentially unfunded:

- **Storm Water Pollution Prevention Plan**
- **Lightning Protection for HWAPs**
- **Centralized Hazardous Storage Area, PHV**

Budget Layout

Continuous Shortfalls OMA/AFH:

- **Repair sewer lines: Campbell, Hospital, MTV, PHV, Tompkins**
- **Asbestos re-survey: PHV Admin and GAD (since 02)***
- **Asbestos re-survey: Campbell, Hammonds, HAH, Golf Course, Kilbourne, Koenigstuhl, Nachrichten, Patton, Oftersheim, Stem, Tompkins (since 04)***
- **Repair impervious surface, bldg 4226 (Strip Yard Tompkins)**
- **Repair impervious surface, bldg 4218 (V Corps STB)**

*** Projects are identified and programmed for execution, no funding provided, resulted in repeated findings at the FY06 external EPAS**

Environmental Performance Assessment (EPAS)

Total Findings: 79 (not including EMS Findings)

- **Environmental Program Management 3**
- **Air Emission 2**
- **Drinking Water 4**
- **Wastewater 2**
- **Hazardous Material 32**
- **Hazardous Waste 14**
- **Solid Waste 4**
- **Medical Waste 11**
- **POL 1**
- **Pesticide**

Significant Findings & Trends

POSITIVE FINDINGS

- **Exceptional multi-media EMS awareness training program**
- **Backflow prevention & flushing programs well implemented**
- **Segregation of recyclables better than normally seen**
- **Exceptional medical waste management program**

Significant Findings & Trends

NEGATIVE FINDINGS

- **Fuel point at Golf Course lacks vapor recovery**
- **Lack of disinfectant residual**
- **Inappropriate activities in water protection zones**
- **Wastewater collection system repairs not completed**
- **Wastewater collection system maps not updated**

Significant Findings & Trends

NEGATIVE FINDINGS

POV parking on pervious surface in water protection zone

Cracked hardstand at MWR Yard

Significant Findings & Trends

NEGATIVE FINDINGS

- **Improper HM storage**
- **Lack of secondary containment at some HM dispensing areas**
- **Lack of MSDs in some locations**
- **Improper flammable storage**

Significant Findings & Trends

NEGATIVE FINDING

Excess chemicals at High School Chem Lab Storage

Significant Findings & Trends

NEGATIVE FINDING

- **Incompatible chemical storage**

Significant Findings & Trends

NEGATIVE FINDING

- **HWSAs lack alarm/ communications devices**
- **Abandoned HW**
- **Improper HW labeling, handling & storage**
- **Deficiencies in HW Management plan**

Waste oil spillage near HWSA

Significant Findings & Trends

NEGATIVE FINDING

Overfilled & open dumpster, particularly in housing areas

Good example of solid wa management

Significant Findings & Trends

NEGATIVE FINDINGS

- **Sharps containers overfilled & not properly labeled**
- **Sharps being recapped**
- **Lack of medical waste disposal records**
- **Unsecured medical waste storage area**

Significant Findings & Trends

- **Improvements in most media since FY03 ECAS**

- **No findings in six protocols:**

  Noise, Cultural Resources, Natural Resources,
  PCBs, Radon & Lead Based

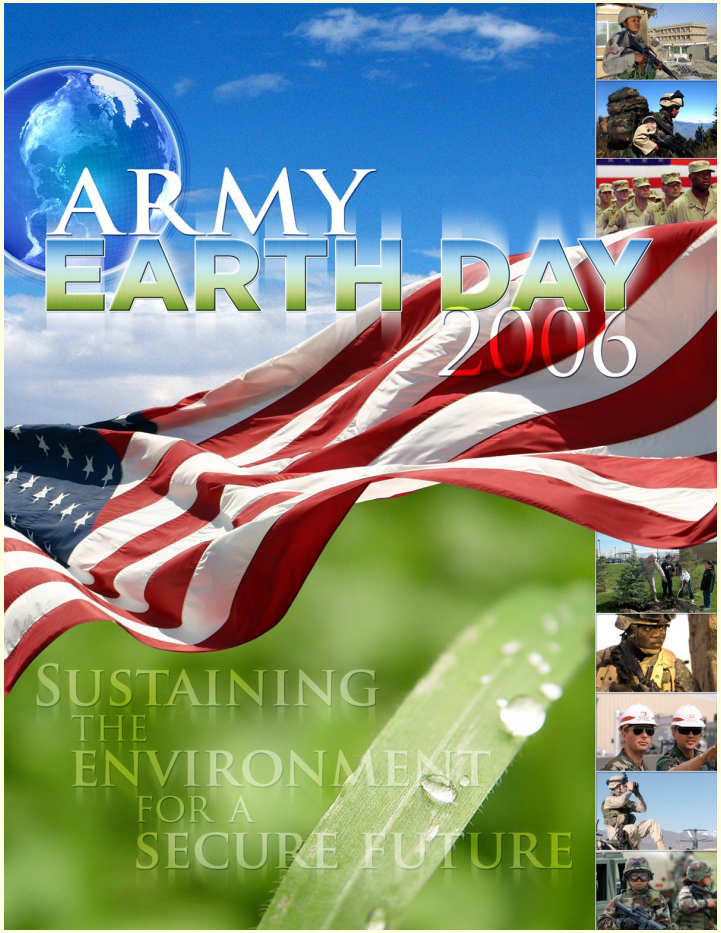
- **Ahead of Region in EMS implementation**

Bottom Line

Continued improvement from FY03 ECAS

Earth Week 2006

- **April 24-28 is Earth Week**
- **Events Calendar Handout**
- **Photo Contest: Submit Entries by April 10th**
- **April 28th: Earth Day Celebration**
- **“Turn off the Light” Stickers to be distributed**
- **Contact us if you need labels for office recycling containers**



Environmental Training

Environmental Compliance Officer (ECO) Training

- 32 hrs on-site course for certification of ECOs
- Dates: Scheduled for 18 – 21 April
- Tentative location: Bldg. 4236, Tompkins Barracks
- Last on-site course – web based training will start in April
- Forward registration to the HazMat Program Manager
  (DSN 387-3142) or e-mail (Ludger.Henning@us.army.mil)

Environmental Training

Environmental Awareness Training

- Conducted quarterly or upon request.
- Next class scheduled for 23 March 06 at
  0900 hrs (DPW conference room).
- Forward registration to the HazMat Program
  Manager (DSN 387-3142)

Asbestos Awareness Training

- Asbestos brake pad training for motor pools.
  Conducted upon request.
- Contact the Asbestos Program Manager
  (DSN 387-3141) to arrange a class for your unit

Environmental Training

Environmental Management System (EMS) General Awareness Training

- **Conducted bi-monthly or upon request**
- **Next class: 25 April, 10:30, DPW Conference Room**
- **Please register with the EMS Coordinator katherina.diemer@us.army.mil or call 387-3271**
